

Career Opportunities

Undergraduate / Graduate Engineer (s)

Brookbanks Consulting Ltd is looking for a number of enthusiastic, dynamic and motivated individuals to join the company as Undergraduate / Graduate Engineers.

The Company

We are a leading firm of Project Managers, Development Consultants and Consulting Engineers.

The company provides multi-disciplinary consultancy services on a diverse range of strategic development, infrastructure and regeneration projects throughout the UK. We have an impressive track record of providing leading edge advice on some of the most challenging and large scale projects.

More details of the company can be viewed at www.brookbanks.com

The Role

The successful candidates will join the local business, being situated in a modern office adjacent to the National Exhibition Centre in Birmingham.

This permanent role will offer the opportunity to work with more experienced Senior Engineers and Project Consultants in providing a wide range of development consultancy services, such as:

- Flood Risk and Drainage
- Transportation and Highways
- Sustainability / renewable energy
- Structural Engineering
- Services Planning

The position will suit:

- An Undergraduate / Graduate wishing to continue degree studies through day / block release
- A Graduate wishing to undertake a MEng / MSc through block release
- A Graduate with a BEng / BSc or higher simply wishing to join a company offering good opportunities for career advancement and possible progression to Chartered Status

The candidate must have excellent communication skills and be the sort to thrive in a hardworking and dynamic work environment.

An excellent salary package is available.
