Proficient in the production of Transport Assessments, Travel Plans and associated notes; Proficient use of TRICS, TRACC, Junctions and Linsig software; Broad understanding of highway design (DMRB/MfS); Technical analysis and problem-solving skills; High quality report writing and oral presentation ability.

DESIRABLE SKILLS/ASPIRATIONS

Knowledge / willingness to develop in Noise, Air quality & GIS; Desire to represent the company in the client & public forums.

PACKAGE

The salary will be commensurate with experience, along with other employee benefits.

LOCATION

Balanced home and office working.

HOW TO APPLY

Please send your CV and Covering Letter to Amy Taylor at amy.taylor@brookbanks.com

Transport & Environmental Analyst

THE COMPANY

We are a leading Master Developer and Development Consultant, providing specialist support to residential, commercial, retail and infrastructure schemes.

We work closely with developers, land promoters and owners of land, property and infrastructure projects across the UK and Europe to plan, design, cost and deliver their schemes.

Our teams have a valued reputation of successfully driving projects through the full development life cycle to deliver additional value and create great outcomes for our clients. Our clients include many of the UK's leading blue chip Residential (traditional and MMC), Commercial and Retail property developers, Landowners and Promoters, Mining companies, listed financial institutions and both local & Government agencies.
