

Powered by our people to deliver for our clients

Director of Air Quality

At Brookbanks, we are committed to delivering excellence in environmental consulting, helping clients navigate complex regulatory landscapes and achieve sustainable outcomes. Our core values of Integrity, Innovation, Collaboration, and Excellence, drive everything we do. We pride ourselves on fostering a dynamic, forward-thinking environment where our team can thrive and make a real impact.

We are seeking a highly motivated and commercially astute Director of Air Quality to lead our Air Quality division, drive business growth, and enhance our market position. This is a senior leadership role that requires a strategic thinker with a proven track record in winning work, developing client relationships, and delivering high-quality air quality assessments and solutions.

KEY RESPONSIBILITIES

- **Business Development:** Identify and secure new opportunities, leveraging your industry expertise to expand Brookbanks' air quality services
- **Client Engagement:** Build and maintain strong relationships with key clients, stakeholders, and regulatory bodies
- **Leadership:** Lead, mentor, and develop a high-performing team of air quality specialists, fostering a culture of innovation and excellence
- **Technical Oversight:** Ensure the delivery of high-quality air quality assessments, emissions monitoring, and regulatory compliance services
- **Commercial Strategy:** Drive profitability by managing budgets, contracts, and resource allocation effectively
- **Market Insight:** Stay ahead of industry trends, policy changes, and emerging technologies to position Brookbanks as a market leader

CANDIDATE PROFILE

- A degree in Environmental Science, Engineering, or a related field is essential; a postgraduate qualification is desirable
- Extensive experience in air quality consulting, with a strong understanding of regulatory frameworks (e.g., EPA, DEFRA, EU directives) is required
- Proven track record in business development - demonstrable success in winning and delivering projects is key
- Strong leadership skills, with experience managing multidisciplinary teams, are essential
- Excellent commercial acumen, with the ability to balance technical excellence with financial performance is required
- Outstanding communication and stakeholder management skills are essential

PACKAGE

The financial package will be commensurate with experience

LOCATION

This is a national role based at any of our offices with WFH, in accordance with our Hybrid working policy

HOW TO APPLY

Please send your CV and Covering Letter to our Recruitment team at recruitment@brookbanks.com, with the subject line 'Director of Air Quality application'

The Company

Expert technical, commercial and development consultants operating across all types of projects nationally.

Specialist advisors, with a track record of success, driven to support our clients' projects.

Our Development Partner (Master Developer) service is the only one of its kind in the UK. Led by ex-home builders and commercial developers to deliver our clients major development sites.

We are built to be different; we are built to guide our clients to success

[The Brookbanks Difference](#)

Working at Brookbanks is about leading innovation, creating great outcomes and driving change.

Our work is challenging, rewarding and ever-changing, but we wouldn't be where we are today if we weren't one of the best in our field and a great place to work.

Brookbanks is built on loyalty, wellbeing, sustainability, security, and support; we take care of our people just as we take care of our clients.
