Powered by our people to deliver for our clients

Principal Transport Planner

Brookbanks operates nationwide providing integrated and holistic consultancy services for major infrastructure and development schemes, having a reputation of designing and delivering complex mixed use projects. As a UK, privately owned consultancy, we offer autonomy, flexibility and trust. Our people are empowered and supported to challenge the status quo, implement their ideas and make a real impact. Our clients include many of the UK's leading blue chip residential and commercial property developers.

As a Transport Planning Consultant, you will be...

- Prepare transport assessments, statements, and travel plans
- Produce transport surveys and feasibility studies.
- Work with multidisciplinary teams including planners, engineers, and environmental specialists.
- Contribute to sustainable and active travel strategies in line with planning and environmental goals.
- Attend client and stakeholder meetings and support public consultation events
- Keep up to date with relevant planning policy and guidance.
- Utilise industry-standard software e.g. Junctions 10 (ARCADY, PICADY), ArcGIS, TRICS, TEMPro, LinSig, or similar.

What do we look for?

- A graduate with a degree in Transport Planning, Geography, Civil Engineering, Urban Planning, or a related field
- Strong analytical and numeracy skills, with a keen interest in transport and sustainability
- Excellent written and verbal communication skills
- Proficient in Microsoft Office, with a willingness to learn transport planning software
- A team player with the initiative to work independently when needed
