Powered by our people to deliver for our clients

Associate Director - Flood Risk

Brookbanks operates nationwide providing integrated and holistic consultancy services for major infrastructure and development schemes, having a reputation of designing and delivering complex mixed use projects. As a UK, privately owned consultancy, we offer autonomy, flexibility and trust. Our people are empowered and supported to challenge the status quo, implement their ideas and make a real impact. Brookbanks is built on expertise, problem-solving, and a commitment to doing things properly – delivering value, not just ticking boxes.

BROOKBANKS

As Associate Director - Flood Risk you will be:

- Leading technical delivery across flood risk, drainage, and hydrology projects, ensuring high-quality and compliant outputs
- Supporting the development and implementation of business strategy, contributing to the growth of the flood risk service offering
- Building and maintaining strong client relationships, acting as a trusted advisor
- Supporting business development activities, including winning new work and expanding market presence
- Collaborating across disciplines to deliver integrated, multidisciplinary solutions
- Supporting the development and mentoring of a growing team of engineers and specialists
- Promoting innovation and best practice within the water environment sector
- Representing the business within the industry and relevant professional networks

What's it in for you at Brookbanks?

- ✓ Personal development: we provide the opportunity to develop cross-disciplinary expertise, funded chartership, mentoring and professional development.
- ✓ Hybrid and flexible working: we trust you to decide how you work best and endeavour to accommodate your personal circumstances.
- ✓ Scale and scope: you'll be part of many of the UK's most prestigious projects from day one.
- ✓ Personable environment: as a UK, privately-owned consultancy, you'll be more than just a number.
- ✓ Roadmap for progression: we're expanding into new sectors and regions, ensuring we can honour your progression.
- ✓ Autonomy: you'll have the freedom to work in your own way, create change and shape the company.
- ✓ Innovation: free from rigid processes or layers of hierarchy, we encourage fresh thinking and an entrepreneurial mindset

What do we look for?

- Strong technical expertise in flood risk, surface water management, and/or drainage strategy
- Proven experience in a senior role, with responsibility for project delivery and client engagement
- Demonstrated ability to support business development and contribute to work winning
- A collaborative and proactive approach, with the ability to work across multidisciplinary teams
- Strong communication and stakeholder management skills
- A strategic mindset, with the ability to contribute to service growth and development

BROOKBANKS

The Company

Expert technical, commercial and development consultants operating across all types of projects nationally.

Specialist advisors, with a track record of success, driven to support our clients' projects.

Our Development Partner (Master Developer) service is the only one of its kind in the UK. Led by ex-home builders and commercial developers to deliver our clients major development sites.

We are built to be different; we are built to guide our clients to success

The Brookbanks Difference

Working at Brookbanks is about leading innovation, creating great outcomes and driving change.
Our work is challenging, rewarding and ever-changing, but we wouldn't be where we are today if we weren't one of the best in our field and a great place to work.

Brookbanks is built on loyalty, wellbeing, sustainability, security and support; we take care of our people just as we take care of our clients.
