Powered by our people to deliver for our clients

Senior Geotechnical Consultant

Brookbanks operates nationwide providing integrated and holistic consultancy services for major infrastructure and development schemes, having a reputation of designing and delivering complex mixed use projects. As a UK, privately owned consultancy, we offer autonomy, flexibility and trust. Our people are empowered and supported to challenge the status quo, implement their ideas and make a real impact. Brookbanks is built on expertise, problem-solving, and a commitment to doing things properly – delivering value, not just ticking boxes.

BROOKBANKS

As Senior Geotechnical Consultant you will be:

- Leading geotechnical assessments and design, including ground investigations and interpretation of ground conditions
- Providing advice on foundations, earthworks, slope stability, and ground improvement solutions
- Managing and reviewing ground investigation works, including site supervision and data interpretation
- Preparing and reviewing geotechnical reports, risk assessments, and design recommendations
- Identifying and mitigating ground-related risks and constraints to inform project development
- Working closely with civil engineers, planners, and environmental specialists to deliver integrated design solutions
- Supporting planning and regulatory submissions, including geotechnical input into environmental assessments
- Liaising with clients, contractors, and stakeholders to communicate technical findings and recommendations
- Mentoring junior team members and supporting their technical development
- Contributing to continuous improvement and best practice within the geotechnical discipline

What's it in for you at Brookbanks?

- ✓ Personal development: we provide the opportunity to develop cross-disciplinary expertise, funded chartership, mentoring and professional development.
- ✓ Hybrid and flexible working: we trust you to decide how you work best and endeavour to accommodate your personal circumstances.
- ✓ Scale and scope: you'll be part of many of the UK's most prestigious projects from day one.
- ✓ Personable environment: as a UK, privately-owned consultancy, you'll be more than just a number.
- ✓ Roadmap for progression: we're expanding into new sectors and regions, ensuring we can honour your progression.
- ✓ Autonomy: you'll have the freedom to work in your own way, create change and shape the company.
- ✓ Innovation: free from rigid processes or layers of hierarchy, we encourage fresh thinking and an entrepreneurial mindset

What do we look for?

- Degree qualified in Geotechnical Engineering, Civil Engineering, Geology, or a related discipline
- Proven experience in geotechnical consultancy, including design and ground investigation
- Strong understanding of soil mechanics, foundation design, and earthworks
- Experience managing ground investigations and interpreting geotechnical data
- Familiarity with relevant UK standards and guidance (e.g. Eurocodes, BS standards)
- Strong analytical and problem-solving skills
- Ability to manage projects and deliver high-quality technical outputs
- Excellent communication and report writing skills
- Working towards or holding Chartered status (ICE or Geological Society) is desirable
- A collaborative and proactive approach

BROOKBANKS

The Company

Expert technical, commercial and development consultants operating across all types of projects nationally.

Specialist advisors, with a track record of success, driven to support our clients' projects.

Our Development Partner (Master Developer) service is the only one of its kind in the UK. Led by ex-home builders and commercial developers to deliver our clients major development sites.

We are built to be different; we are built to guide our clients to success

The Brookbanks Difference

Working at Brookbanks is about leading innovation, creating great outcomes and driving change.
Our work is challenging, rewarding and ever-changing, but we wouldn't be where we are today if we weren't one of the best in our field and a great place to work.

Brookbanks is built on loyalty, wellbeing, sustainability, security and support; we take care of our people just as we take care of our clients.
